

Section 8: List of Preparers

This Final Environmental Impact Statement and final Section 4(f) Evaluation was prepared by the Federal Highway Administration and the Utah Department of Transportation.

Federal Highway Administration

Paul Ziman served as the FHWA Area Engineer.

Ed Woolford served as the FHWA Environmental/Program Manager.

Utah Department of Transportation

Rodney Terry served as the UDOT Project Manager for the FEIS.

Marjorie Rasmussen served as the UDOT Project Manager for the FEIS.

Chris Lizotte served as the UDOT Region 1 Environmental Coordinator for the FEIS.

Betsy Skinner served as the UDOT Headquarters Environmental Review for the FEIS.

James Beers served as the UDOT Region 1 Environmental Coordinator for the FEIS.

Project Consultants – Reevaluation, FEIS and Final Section 4(f) Evaluation

The following personnel were involved in the preparation of the Final Environmental Impact Statement and final Section 4(f) Evaluation, and related technical reports.

Lochner

Loretta Markham served as the project manager for preparation of the reevaluation and FEIS. She has a B.S. in Conservation Biology and 13 years of experience in NEPA documentation.

Andrea Clayton, P.E., served as the environmental lead for the project. She has a B.S. in Civil Engineering and 16 years of experience in NEPA documentation, Section 4(f), and environmental engineering.

Mallory Bateman served as an environmental team member for the project. She has a B.A. in Urban Planning and nearly 3 years of experience in NEPA documentation.

Angie Fellows served as the technical editor for the project. She has a B.S. in Mass Communication and 2 years of experience with environmental documentation.

H.G. Kunzler, P.E., served as the project manager for the engineering process for the reevaluation and FEIS. He has a B.S. in Civil Engineering and 19 years of experience in the fields of transportation engineering and NEPA documentation.

David Fierro served as the public involvement manager for the reevaluation process. He has 28 years of experience in public involvement and communications.

Interplan

Matt Rifkin, P.E., served as the traffic engineering lead for the project. He has a B.A in Economics, a B.S. in Engineering, and 24 years of experience in travel demand modeling and traffic engineering.

SWCA

Sheri Ellis served as the cultural resource specialist for the project. She has 19 years of experience working with cultural resources and NEPA documentation.

Brian Nicolson served as the natural resource specialist on the project. He has more than 5 years of experience with natural resources and NEPA documentation.

Project Consultants – DEIS and Preliminary FEIS through the Fall of 2008

The following personnel were involved in the preparation of the Draft Environmental Impact Statement and the Final Environmental Impact Statement through the fall of 2008.

J-U-B Engineers, Inc.

Chuck A. Larson, P.E., served as J-U-B's NEPA Environmental Manager. Chuck has a B.S. Degree in Civil Engineering with 25 years experience

Brian R. Deeter, P.E., served as J-U-B's Project Manager. Brian has a B.S. Degree and an M.S. Degree in Civil Engineering and 12 years of experience.

John C. Powell, P.E., served as J-U-B's Project Engineer. John has a B.S. Degree in Civil Engineering and over 7 years of traffic and transportation design experience.

Alex D. Beseris served as J-U-B's Environmental Specialist. Alex has B.S. in Urban and Regional Planning and 16 years of land use and transportation planning, and environmental planning experience.

Candy W. Miller, C.P.M., served as Public Involvement Facilitator. Candy has 14 years of experience.

Dan R. Adams, M.O.B., assisted in the Public Involvement process. Dan has more than 8 years experience in public involvement and mediation.

Griffin J. Harris, P.E., conducted traffic and air quality analyses. Griffin has an M.S. Degree in Civil Engineering and 6 years of experience.

Marti A. Hoge, M.A., served as an Environmental Planner and Public Involvement Specialist. Marti has a M.A. Degree in Environmental Policy and Politics.

Frontier Corporation

Dennis Wenger served as the environmental coordinator and was responsible for overseeing all of the natural resources and socioeconomic assessments. Mr. Wenger has a B.S. in Biology and an M.S. in Ecology and 17 years of professional environmental consulting experience.

Sarah Lupis served as the project's wildlife biologist. Ms. Lupis has a B.S. in Wildlife Conservation and an M.S. in Wildlife Biology and has 3 years of professional experience.

Robert Palmieri served as the project's environmental planner. He has a B.A. in Architectural History and an M.L.A. in Environmental Planning and has 15 years of professional experience.

Hoda Sondossi served as the project's watershed scientist. He has a B.S. in Geology and an M.S. in Geomorphology and has 3 years of professional experience.

Sagebrush Consultants, LLC

Michael R. Polk, M.A., RPA, Principal Archaeologist and Owner of Sagebrush Consultants, L.L.C., served as J-U-B's Principal Archaeologist for preparation of cultural and paleontological resources. Mike has a M.A. Degree in Anthropology and 30 years of experience.

Wendy Simmons Johnson, Senior Archaeologist with Sagebrush Consultants, L.L.C., served as the cultural resources specialist. Ms. Simmons Johnson has a Masters Degree in Anthropology and 10 years of experience.

Geomatrix Consultants, Inc

Kevin M. Warner is an Environmental Noise Scientist for Geomatrix Consultants, Inc. He has been conducting environmental noise analyses for transportation projects for 6 years and has a B.Sc. degree in Environmental Science.
