City of Mendon

Eastern Gateway Corridor

Street Improvement Project

2017 CCCOG FUNDING APPLICATION PRESENTATION

Project Manager: Kirk Taylor, Public Works Director

Improvement Project Location
Purpose and Need

• Designated as ‘Minor Arterial’ - Mendon to Logan City
• Route is also routinely used by semi-trucks, farm equipment, and cyclists
• Roadway is showing extensive fatigue cracking
• Requires ongoing crack and pothole maintenance
• Signs of rutting in wheel paths on 500 North Street

Project Scope

• Reconstruct and rehabilitate 500 North Street from the city limits easterly to and through the intersection of 500 North and 100 East to the intersection of 400 North and 100 East to the right-of-way of SH-23.
• Widen 100 East and 400 North to 25-Foot pavement width
• Project within existing Rights-of-Way
• No underground utility work required
