GENERAL NOTES

1. The City of Lewiston, through the Lewiston Public Works Association, is the owner of the project. The project shall be constructed in accordance with the plans and specifications provided by the City of Lewiston.

2. All work shall be performed in accordance with the plans and specifications provided by the City of Lewiston. The contractor shall be responsible for ensuring that all work is performed in accordance with the plans and specifications.

3. The City of Lewiston shall be responsible for providing all necessary permits and approvals for the project.

4. The City of Lewiston shall be responsible for providing all necessary utilities for the project.

5. The City of Lewiston shall be responsible for providing all necessary public safety measures for the project.

6. The City of Lewiston shall be responsible for providing all necessary environmental safeguards for the project.

7. The City of Lewiston shall be responsible for providing all necessary project management for the project.

8. The City of Lewiston shall be responsible for providing all necessary training for the project.

9. The City of Lewiston shall be responsible for providing all necessary maintenance for the project.

10. The City of Lewiston shall be responsible for providing all necessary insurance for the project.

11. The City of Lewiston shall be responsible for providing all necessary legal compliance for the project.

12. The City of Lewiston shall be responsible for providing all necessary financial management for the project.

13. The City of Lewiston shall be responsible for providing all necessary project documentation for the project.

14. The City of Lewiston shall be responsible for providing all necessary project reports for the project.

15. The City of Lewiston shall be responsible for providing all necessary project audits for the project.

16. The City of Lewiston shall be responsible for providing all necessary project inspections for the project.

17. The City of Lewiston shall be responsible for providing all necessary project evaluations for the project.

18. The City of Lewiston shall be responsible for providing all necessary project assessments for the project.

19. The City of Lewiston shall be responsible for providing all necessary project reviews for the project.

20. The City of Lewiston shall be responsible for providing all necessary project certifications for the project.

21. The City of Lewiston shall be responsible for providing all necessary project approvals for the project.

22. The City of Lewiston shall be responsible for providing all necessary project clearances for the project.

23. The City of Lewiston shall be responsible for providing all necessary project permits for the project.

24. The City of Lewiston shall be responsible for providing all necessary project licenses for the project.

25. The City of Lewiston shall be responsible for providing all necessary project certifications for the project.

26. The City of Lewiston shall be responsible for providing all necessary project approvals for the project.

27. The City of Lewiston shall be responsible for providing all necessary project clearances for the project.

28. The City of Lewiston shall be responsible for providing all necessary project permits for the project.

29. The City of Lewiston shall be responsible for providing all necessary project licenses for the project.

30. The City of Lewiston shall be responsible for providing all necessary project certifications for the project.

31. The City of Lewiston shall be responsible for providing all necessary project approvals for the project.

32. The City of Lewiston shall be responsible for providing all necessary project clearances for the project.

33. The City of Lewiston shall be responsible for providing all necessary project permits for the project.

34. The City of Lewiston shall be responsible for providing all necessary project licenses for the project.

35. The City of Lewiston shall be responsible for providing all necessary project certifications for the project.

36. The City of Lewiston shall be responsible for providing all necessary project approvals for the project.

37. The City of Lewiston shall be responsible for providing all necessary project clearances for the project.

38. The City of Lewiston shall be responsible for providing all necessary project permits for the project.

39. The City of Lewiston shall be responsible for providing all necessary project licenses for the project.

40. The City of Lewiston shall be responsible for providing all necessary project certifications for the project.

41. The City of Lewiston shall be responsible for providing all necessary project approvals for the project.

42. The City of Lewiston shall be responsible for providing all necessary project clearances for the project.

43. The City of Lewiston shall be responsible for providing all necessary project permits for the project.

44. The City of Lewiston shall be responsible for providing all necessary project licenses for the project.

45. The City of Lewiston shall be responsible for providing all necessary project certifications for the project.

46. The City of Lewiston shall be responsible for providing all necessary project approvals for the project.

47. The City of Lewiston shall be responsible for providing all necessary project clearances for the project.

48. The City of Lewiston shall be responsible for providing all necessary project permits for the project.

49. The City of Lewiston shall be responsible for providing all necessary project licenses for the project.

50. The City of Lewiston shall be responsible for providing all necessary project certifications for the project.
ROADWAY EXCAVATION
UDOT GRANULAR BORROW (12" THICK)
UDOT UNTREATED BASE COURSE (8" THICK)
UDOT HMA - 1/2 INCH (7" THICK) (PG64-34)

RELOCATE POWER POLE

SR-61 CONTROL LINE

SR-61: INDUSTRIAL PARK TURN LANES
LEWISTON CITY

NOTES:
1. FOR HMA, UNTREATED BASE COURSE, AND
GRANULAR BORROW, HIDE THE REQUIREMENTS
SPECIFIED IN THE ADOPTED SPECIFICATIONS AS OUTLINED IN
ODOT 2017 STANDARD AND SUPPLEMENTAL
SPECIFICATIONS.

PROVIDE DOCUMENTATION OF COMPACTED
MEASUREMENT AND PAYMENT OF THIS PROJECT.

COMPLIES WITH UDOT 2017 STANDARD AND
SUPPLEMENTAL SPECIFICATIONS.

FROM A UDOT-QUALIFIED LABORATORY.
