Trenton Town
North Center Street
Pavement Rehabilitation

2019 COG Application
Project Location:
Looking north on Center Street
- Trenton has a total of 8.18 paved miles. This project will impact approximately 1.47 miles, almost 20% of total paved roads in Trenton.

- This will improve both the overall functionality and safety of roads in Trenton.

- 2019 fiscal year budget for highways and streets is $54,000 with $50,398 coming from B & C road funding from the state.

- The estimated cost of this project is $103,000. Trenton has requested $93,000 from COG.
Scope of the project:

- Level the existing roadway with a 1-inch leveling coat in all necessary areas.
- Overlay the two intersections on this road to improve the base and overall condition.
- Chip and seal the entire 1.47 miles.
road surface highly uneven
pavement stress
intersections in need of rehabilitation
### JOB SPECIFICATION AND PRICE:

(If unit prices are quoted, units will be measured on completion and invoiced at unit prices quoted.)

If owner elects to execute own contract agreement, this proposal is to become part of and attached to owners contract.

Project Conclusion:

• Increased safety

• Trenton is located outside of the Cache Metropolitan Planning Organization and qualifies for the rural set-aside portion of COG money.

• Optimal use of tax dollars to maximize benefit for both Trenton residents and surrounding communities, and other county citizens (school buses, garbage trucks and emergency equipment).

• We are proposing to resurface an existing road there are no preliminary costs such as engineering, environmental, or right of way acquisitions. Good roads cost less to maintain, by having a resurfaced road, Trenton will be able to avoid expensive rehabilitation costs for many years into the future.

• Every dollar of funding awarded will go to improving roads that benefit Cache County residents
